GLOVES & APPAREL

Riggers Gloves

WC-8WRM
(Medium)
WC-8WRL
(Large)
WC-8WRXL
(X-Large)
WC-8WR2L
(2X Large)

Standard rigger gloves? Think again! Instead of standard cotton stitching, PROMAX KR series riggers are stitched with Kevlar for superior resistance to abrasion, heat & general wear. Plus we only use premium A-grade cowhide leather & apply strict QC controls to every batch. The result? A longer lasting glove especially suited to the rough & tumble of metal fabrication work!. Sold in Pairs

Welding Apparel

PROMAX BL7 Leather

PROMAX BL7

WC-01782
(Medium)
WC-01781
(Large)
WC-01783
(X-Large)
WC-01784
(2X Large)

If you need the protection of a full leather welding jacket, you can't go past the "Promax BL7"! A special design which offers up to 40% reduced weight and superior comfort - without compromising durability and long wear-life. Opening is off-set to avoid the high wear area directly in front of the operator. Hook and loop closure avoids the added weight and discomfort of metal studs. Extended back offers better protection when bending, kneeling, etc. Selected premium cow hide leather, kevlar stitching and fully welted seams for longer garment life. Adjustable cuffs & collar.
